

NCFE Level 1 Certificate in Telematics

Feedback on Assessment

Unit/Element 2

Student name Tracey Scott

Page No	Evidence Title	Evidence not yet accepted - action to be taken:	Date Evidence Accepted
1	Email Print	<p>A printout does not, necessarily, mean that you loaded the software - only that you used it. You need to tell me, or show me, the steps you followed to switch on and load software so that I can sign to confirm your work.</p> <p>Add 2.1.16 and 2.1.18 to the list of accounts you are claiming.</p> <p>You will need to get a more up-to-date message, anything over 2 years old can't be used.</p>	
3	Written questions	<p>Great, well done.</p>	
4	Screen shots	<p>There are 4 too Tracey. I have put a note on the last one so you can tick off the sections on each page that I watched you doing ie 2.1.8, 2.1.9, 2.1.10, 2.1.14 and 2.1.15.</p>	
10	Observation sheet Unit 2	<p>Put page 10 on the first sheet, otherwise all OK.</p> <p><i>Martin Monaghan</i></p> <p>20 January 05</p>	

I confirm that all the evidence listed above now meets the criteria indicated.
